

## **Georgarakos Manos**

Manos Georgarakos is a Civil and Structural Engineer, graduate of the National Technical University of Athens (1999), with postgraduate studies in Strengthening of Structures at the University of Leeds, UK (2000). He has over 15 years of professional experience in the design, supervision and construction of senior care facilities, focusing on the special requirements of these buildings such as accessibility and design for dementia. He has undertaken the design studies and obtained the building permits for more than 20 Nursing Homes in Greece and has coordinated the construction, refurbishment and extension of such facilities. He has excellent knowledge of the legislation governing the licensing, construction and operation of senior care facilities such as Nursing Homes, Rehabilitation Centers, Assisted living, Alzheimer's Centers etc.
