

Korfoxyliotis Panagiotis

Panagiotis Korfoxyliotis has studied occupational therapy and holds a master's degree in Adult Education. Since 2007, he has been employed at the Association of Parents, Guardians and Friends of Disabled People "To Ergastiri", being responsible for the design and implementation of occupational therapy interventions for adults with intellectual disabilities. At the same time, he is the scientific manager of the organization's Research and Development group, which is active in the development of a series of National and European programs. In the last three years, he has taken on the role of the scientific deputy director of the Day Care Center of the organization with the main responsibilities of designing and implementing therapeutic programs and training programs for the beneficiaries of the organization.
