

## **Neokosmidou Anastasia**

I am a social worker. I have graduated from the Department of Social Administration and Political Science of the Democritus University of Thrace and I have a master's degree in special education. I started working at the Hellenic Society of Alzheimer's Disease and Related Disorders since November 2020 in the "Program of Interconnection with KAPI-KFI", during which I was performing neuropsychological examinations and updates to two KAPI of the Municipality of Kalamaria. Lately I have been working at the boarding school for patients with end-stage dementia "Panagia Glykofilousa", which was created under the auspices of the Hellenic Society of Alzheimer's Disease and Related Disorders. At the same time, I participate in the DNS survey of Altoida through the Hellenic Society of Alzheimer's Disease and Related Disorders.
