

Frantzi Nikoleta

Graduate of the Department of Psychology and currently a postgraduate student in the Master's program 'Cognitive Psychology and Applications' at Aristotle University of Thessaloniki. My research interests focus on geropsychology, specifically on the relationship between affect and cognitive functions in aging, subjective cognitive decline, early detection of cognitive impairment, and pathological aging. I am the author and co-author of publications on related topics in two international and one greek scientific journal. Emmanouilidou, E., Frantzi, N., & Moraitou, D.(2023). Subjective Cognitive Decline and/or Objective Cognitive Decline in Middle-Aged Adults? Examining the relationship between Cognitive Complaints and the Function of Episodic Buffer. *Journal of Research in Education and Training*, 16(1).[In Greek] Tilkeridou, M.,Moraitou, D.,Papaliagkas, V.,Frantzi, N.,Emmanouilidou, E., & Tsolaki, M.(2024). An examination of the motives of attributing and interpreting deception in amnesic MCI: An experimental study. *Journal of Intelligence*. Tsatali, M., Moraitou, D.,Gialaouzidis, M.,Bakoglidou, E.,Psaltis, V., Totonidis, M.,Emmanouilidou, E.,Frantzi, N.,Bertzes, N., Avdikou,K.,Gavra, A.,Diamantidou, A.,Kapsali, N., Kouroundi, E., & Tsolaki, M. Discriminant potential of the Alzheimer’s Disease Assessment Scale–Cognitive Subscale (ADAS-Cog) in Greek older adults with Subjective Cognitive Decline and Mild Cognitive Impairment. *Journal of Alzheimer’s Disease Reports*.
