

Giannakopoulos Vasilios

I come from Kavala. I studied in the Department of Occupational Therapy at the University of West Attica. After completing my undergraduate studies, I attended the postgraduate program 'Health Promotion in the Elderly,' from which I graduated with honors. I worked in a rehabilitation center and an elderly care unit in Attica. I have attended a psychoeducation seminar on dementia by the Integrated Alzheimer's Disease and Related Disorders Unit of the non-government organization 'APOSTOLI.' I hold certified knowledge in computer science, English language (C2 level), and German language (C1 level). I also possess a Certificate of Knowledge in the Braille writing and reading system from the Center for Education and Rehabilitation of the Blind. I am a certified MSE (Multisensory Environment) Snoezelen therapist by the International MSE Snoezelen Association. Currently, I work as a permanent occupational therapist at the Ministry of Education in Special Education School Units. My scientific interests focus on health promotion and improving the quality of life of individuals through non-pharmacological interventions and healthy aging of the population.
